M/A 9. Police Safer Neighbourhood Team (SNT) Report and Police Q&A

There are 2 new PCSO's who have very recently joined the team We are just finalising details for putting two new PC's into the SNT in the next couple of months.

Since the last meeting, we have continued to tackle ASB, Vital Safeguarding and giving Crime Prevention Advise.

PCSO Claire Robbins is leaving the force and PCSO Greville will be taking over in area three.

We've been very busy over the summer, visiting lots of Festivals and different events going on in and around the area.

We have been continuing our School Talks and School Parking Patrols.

Coming up, we have Op-Sceptre from 14th November, a campaign around knife crime. We are seen as a leading area for such an initiative; by the next meeting we will have good results to update you on from that.

Also, on November 26th the Anti-Violence Bee will be installed in Morrisons Car Park, Swadlincote and will visit two local schools in the area too.

In terms of Vehicle Crime, last week we have 14 occurrences. A lot of these attribute to the A50 regarding fuel theft of HGV's and breaking into the back of lorries.

We have recently set out new priorities:

- Off-Road Bikes (community intelligence will be key for this)
- E-Scooters (education around them and the enforcement which can take place)
- Online Safety) prevention and education for all ages)

Regarding burglaries at the moment, they are pretty low but there have been a few on business premises.

Safeguarding is always a priority as well as vulnerability. Domestic Abuse is also a huge priority at the moment in the local area.

Regarding Foremark Reservoir, we have recently attended a meeting to discuss the issues and how they've been resolved over the past year. There were no issues brought up at the meeting, a very positive outcome.

We recently made an arrest in Melbourne for drug offences, both in possession of and driving under the influence in.

We have attended numerous engagement events in Schools and we recently visited the Ukrainian Centre in Weston on Trent.

Sergeant Nizzer thanked those at the meeting and other members of the public for all of their help and cooperation.

Weston Parish Council asked what the SNT are doing about parking in the village?

PCSO Sup. Wallington-Waite explained they have been into the school (which the layout of the school provides a slight issue for pick up and drop off). The SNT have an appointment at the school tomorrow where they will discuss options and send out letters to parents. There will be a Police presence and we will do what we can to improve it.

A member of the public raised concerns over the lack of parking outside of Aston Primary School.

ACTION: County Council to take back issues of school parking at Aston School.

A member of the public raised concerns of speeding on Snelsmoor Lane, Aston.

The incident was also called into the Police and the SNT have been keeping a watchful eye on the area during their park patrols.

M/A 12. Local Authority Update and Public Q&A

South Derbyshire Local Plan

South Derbyshire has an adopted Local Plan which sets out where new housing, employment, retail, and other development should go, up to 2028. The Local Plan also includes policies that are used to determine planning applications. Government policy requires that Local Plans are reviewed every five years to see if they need updating and the Council has decided that the time is right to update the Local Plan.

This 'Issues and Options' consultation, is the first formal consultation as part of this update to the Local Plan. Its purpose is to ensure that the Emerging Local Plan covers all the right issues including housing, jobs, infrastructure, health, climate change and the built and natural environment. We would like to hear your views and ideas on the issues and options we will need to take into account.

How you can have your say ...

The consultation commences on 10th October 2022. Information regarding the consultation and how you can have your say, can be found on our website at: www.southderbyshire.gov.uk/issuesandoptions, and on the leaflets at the back of the room.

A series of drop-in consultation events have taken place around the District throughout October and the beginning of November. Drop-in sessions will also take place on Tuesdays and Wednesdays, 10am – 4pm at the Council Offices throughout the consultation.

We welcome your comments on the consultation document until 5pm on 5th December 2022.

Social Decarbonisation Funding Update

The Government has proposed a £3.8bn Social Housing Decarbonisation Fund over a 10-year period, to improve the energy performance of social rented homes.

There has been a slight delay to the original programme as we have worked with the designer to identify measures that despite unprecedented cost inflationary pressures, can be delivered within the original budget whilst meeting the improvement target set by central government. It is anticipated that work to install measures under the wave 1 scheme will commence by early November 2022 and the first schemes to benefit will be sheltered homes at Resthaven (Swadlincote),

Peniston Rise/ Close (Melbourne) and Kendricks Close (Hartshorne) with other sites following on and completed by 31 March 2023.

The council intends to submit a bid to fund a further 160 properties under Wave 2.1 which if successful will commence in April 2023 and be delivered over two years. Many lessons have been learned during the SHDF wave 1 project that will improve both the quality of the bid and the delivery programme.

Green Homes Grant

Update given by Mansoor Swati:

The Council is encouraging eligible homeowners in South Derbyshire to apply for free grant funding to improve the energy efficiency of their home and reduce their fuel bills.

The grant, of up to £10,000, is part of a government-backed scheme to help successful applicants improve the energy performance of their home through loft and cavity wall insulation.

A homeowner's total household income must be below £30k and the property must have an Energy Performance Certificate rating of D or lower to be eligible for the free grant.

Links to the application forms and further information can be found on the Council Webpage, just search for Green Homes Grant.

A member of the public raised concerns over the amount of questions on the Local Plan Consultation Form online.

Kevin Stackhouse explained that all information will be saved to the form and you can come and go to the online form as many times as necessary.

Councillor Fitzpatrick explained that all information gathered is more than helpful. Currently, there is a Local Plan in force which sets criteria and policies for development in South Derbyshire. This plan runs to 2028, however the District is currently consulting to identify the relevance of policies and criteria to put a revised local plan in place.

Councillor Watson urged anyone who has an opinion on the Local Plan to leave comments. He encouraged the good and the bad comments and urged people to take part.

Councillor Atkin encouraged members of the public to attend Council meetings. If there are particular issues which you would like to raise, there is chance whereby questions can be submitted in the meeting.

Councillor Muller explained he is an advocate of trying to do something about the HG issues in the area whereby they seem to be getting lost due to following normal car sat-navs.

Councillor Muller explained there has been a proposal made to the Secretary of State that all HGV drivers should have a HGV sat nav not a normal car sat nav. There will be more information to give on this matter at future meetings.
