Hello,

We wish to make a representation against the Licensing Application proposed by the applicant Cripps Barn Group Limited at Grangefields Farm, Dalbury Lees, DE6 5BH, referring to Licensing Objective D – Prevention of Public Nuisance.

The proposed wedding venue at Grangefields Farm has a planning condition that ALL guests must be off site by 01:00hrs. If customers were allowed to book bands / play music / book musical acts / hire the venue, and buy drinks on site until 01:00hrs how will the Applicant be able to keep the planning department, local residents who will be looking for enforcement of conditions (as a minimum) and their wedding customers happy?

Other surrounding wedding venues in the area have licenses until 11:30pm, with guests off site by midnight. The Grangefields venue could be brought in-line with these businesses where the impact on local residents to the venues is minimised late at night and during the early hours of the morning; whilst still offering a competitive wedding location. The application is also for a 365days a year operation, which is more operating days than what some of the other premises have been allowed.

We understand that there is a proposed scheme for controlling the outbreak of noise from indoor entertainment activities, but there appears to be no restrictions on the outdoor activities such as the outdoor bar and ceremony area, also any smoking areas and the fire pit offered for hire, which will all attract congregating groups throughout the day and night.

Kind regards

Mr and Mrs Toone
