| <u>ACCESS</u> | Highfields Drive is single lane traffic so making it difficult to enter if a vehicle is exiting, & vice versa. |
| <u>National Forest walking area.</u> | We have the public walking here |
| <u>Sports centre</u> | We have the sports centre approx 100 yds up the road on a blind bend there is a 40mph limit which is very often not adhered to. |
| <u>Increase in Traffic</u> | Last year my Volvo 7 seater 850 estate was written off by a car coming from Robinsons Hill, on CCTV the brake lights never came on. I have been driving for 59 yrs & had no points on my licence or accidents on the public highway. |

Dear Mrs Brown

THE GOODS VEHICLES (LICENSING OF OPERATORS) ACT 1995
APPLICANT: MAESTRO INTERNATIONAL LTD
OPERATING CENTRE: Highfields, Cockshut Lane, Melbourne, Derbyshire, DE73 8DG

I refer to previous correspondence regarding your representation against the above application.

I can now advise you that after careful consideration of correspondence from all parties, and the findings of a Traffic Examiner's report concerning the operating centre, this application has been granted with the following four conditions under Sections 21 & 23(2)(c) of the above Act, and one undertaking under Section 34:

- 1) There shall be no operation, movement, loading or unloading of authorised vehicles before 08.00 hours and after 18.00 hours Mondays to Fridays. There shall be no operation, movement, loading or unloading of authorised vehicles on Saturdays, Sundays & Bank Holidays.
- 2) There shall be no maintenance of authorised vehicles carried out at the operating centre.
- 3) Authorised vehicles shall make no more than one journey out of the operating centre, and one journey into the operating centre, each day.
- 4) Authorised vehicles shall be rigid in type.
- 5) Any operations outside of the licence conditions must be reported to the Traffic Commissioner within 14 days of their occurrence, with an explanation as to the exceptional circumstances requiring such movements.

In making her decision, the Traffic Commissioner noted that the applicant is seeking to operate two rigid vehicles, which will be replacing a number of smaller vehicles which the company is currently using outside the terms of operator licensing. Whereas these vehicles are presently making two return trips to Highfields each day, the two authorised vehicles will be making only one.

A Traffic Examiner visited the site in order to assess the technical suitability, and found that it was suitable to be used as an operating centre for the authorisation which has been applied for, albeit for rigid vehicles only. The Traffic Commissioner was also aware that Highfields is currently specified as an operating centre on a valid Operator's Licence.

The Traffic Commissioner proposed the above conditions to the operator, who has agreed to abide by each one. These conditions will ensure that the vehicles will only enter and leave the site once per weekday, and during sociable hours. There will be no operation at weekends and Bank Holidays, and no maintenance of the vehicles will be carried out at Highfields.

Thank you for the interest you have shown in this matter.

Yours sincerely

David Beaton
