a) General – all four licensing objectives (b,c,d,e) (please read guidance note 10)

This application may be amended during the application period to reflect any agreements that may be reached with the responsible authorities and interested parties.

This application is made following grant of planning permission by South Derbyshire District Council. This application is submitted to accord with the planning conditions imposed. The nature of the events will be family friendly and controlled minimising any annoyance to neighbours and complying with good social behaviour and statutory requirements. Further conditions are also offered to ensure the premises comply with the Licensing objectives.

b) The prevention of crime and disorder

Drinks will not be removed from the premises in open containers save for consumption in designated areas set aside specifically for this purpose.

CCTV cameras will be located within the premises to cover all public areas including all entrances and exits. The system will record clear images permitting the identification of individuals and will operate at all times when the premises are open for licensable activities. The equipment will have a constant and accurate time and date generation. It will be fitted with security functions to prevent recordings being tampered with and there will be members of trained staff at the premises during operating hours able to provide viewable copies on request to the Police or authorised local authority officers as soon as it is reasonably practicable in accordance with the Data Protection Act 1998 (or any replacement legislation) to do so.

The premises will maintain an incident log which will be available for inspection by Derbyshire Constabulary and the Licensing Authority with all records being kept for a minimum of 12 months.

c) Public safety

The premises will ensure they comply with the primary legislation relating to fire safety, electrical and gas safety and food hygiene.

The premises will ensure that a sufficient number of staff are appropriately first aid trained and that appropriate levels of first aid equipment are maintained at the premises at all times.

The number of guests at the premises will not exceed 208.

d) The prevention of public nuisance

In accordance with the noise assessment conducted by acoustic noise and vibration consultants it is proposed that :-

- to control noise breakout to an acceptable level at the closest residential properties a sound insulation scheme be installed
- a noise limiting device be used whilst ever regulated entertainment takes place at the premises
- the sound system used will have distributed speakers.

The noise limiting device will be calibrated to ensure that noise breakout from the venue will be below the broadband and octave band background noise levels detailed in the noise assessment which accompanies this application.

Clear and legible notices must be prominently displayed at all exits requesting customers to respect local residents and leave the area quietly.

All external windows and doors will be kept closed at times when regulated entertainment is being provided save that doors may be open for normal entrance and egress of people but must be shut immediately thereafter.

e) The protection of children from harm

The premises will implement an age verification policy as detailed in the attached policy document.
