SUBJECT:	Local Plan - Local Development Scheme	REF:
WARD(S) AFFECTED:	All	TERMS OF REFERENCE: EDS03

1.0 Recommendations

That Members:

- (i) endorse the Local Development Scheme (LDS) for publication.
- (ii) endorse continuation of the South Derbyshire Local Plan Part 1 having given consideration to the Duty to Co-operate under section 33A of the Planning and Compulsory Purchase Act 2004 (the "Act")

2.0 Purpose of Report

2.1 To endorse the publication of the updated LDS for the Local Development Framework as it forms a piece of evidence base for the Local Plan production and to consider the options for joint development plan documents.

3.0 Detail

3.1 The LDS is an important piece of evidence that sets out the programme for preparing the documents that will form the Local Plan and also the documents to be written as Supplementary Planning Documents (SPDs). It also sets out the possible risks that exist with producing the documents listed in the LDS. The LDS is monitored through the Annual Monitoring document.

3.2 The LDS was previously put before Members at this Committee on the 21st August which unfortunately already needs updating. This is partly because of further changes to the Local Plan process that mean the timetable for both Part 1 and Part 2 needs to be amended.

3.3 The Local Plan Part 1 was submitted on the 8th August. Following this Ms Kingaby was appointed as our Inspector to consider whether the Plan is 'sound' and whether all other legal requirements have been complied with. The start of the hearings is Tuesday 25th November and it is currently timetabled to be complete by the 5th December (running for 5 or 6 days in that period).

- 3.4 Following the introduction of the “Duty to Co-operate” contained in section 33A of the Act, which came into effect on 15 November 2011, the Council is required to co-operate with other bodies in maximising the effectiveness with which certain activities are undertaken, including the preparation of development plan documents and other local development documents. This requires the Council to engage constructively, actively and on an ongoing basis and, more specifically (under subsection (6)), to (a) consider whether to consult on and prepare, and enter into and publish, agreements on joint approaches to the undertaking of the preparation of development plan documents and other local development documents; and (b) consider whether to agree under section 28 of the Act to prepare joint local development documents.
- 3.5 Members will be aware the Council’s Plan preparation process was well underway when the “Duty to Co-operate” came into force. In March 2007, Derby City Council proposed to produce joint allocations plans. This was referred to in the Council’s 2007 Local Development Scheme, but it was decided not to prepare a joint local development document following adoption of the East Midlands Regional Spatial Strategy in 2009. Whilst the decision taken not to agree to prepare joint development documents has not been formally documented, it has been implicit in all stages of the preparation of local development documents since the Duty to Co-operate arose in November 2011. The Council has, however, prepared separate but aligned Core Strategies working constructively and actively with neighbouring local authorities on a continuing basis and it is now intended to hold a joint session to consider the steps taken by the three Council’s within the Derby Housing Market Area to address the provision of an increased housing requirement during the examination process.
- 3.6 Whilst it is considered that the duty has been complied with throughout the plan making process, Members are asked to formally consider the matter for the avoidance of any doubt. Members at this point have two options which would satisfy the requirements of section 33A (6) of the Act.

These options are:

1. Continue to progress a separate South Derbyshire Plan and the pending Examination in Public, prepared on an aligned basis and with the benefit of joint evidence collated with neighbouring local authorities, including Derby City Council and Amber Valley Borough Council, particularly in respect of the Derby Housing Market Area to which a cross-boundary strategic approach has been taken; or
 2. Start the Local Plan process again with a Joint Plan across two or more authorities.
- 3.7 There would be little merit in proceeding with Option 2, given the extensive joint working that has occurred to date. It is difficult to see that a joint plan would result in a different outcome, given the approach that has been taken in respect of the Derby Housing Market Area. In addition there is no indication that any neighbouring authorities would be prepared to do the same.

- 3.8 In the event that Members opt to continue with the Plan in accordance with option 1, it was intended to undertake a consultation on the Local Plan Part 2 in December this year but given the continued uncertainty regarding the housing target it is now not appropriate to undertake this consultation at this stage. The 'options' consultation (Regulation 18) will now take place at the beginning of 2015. The Part 2 also has to undertake the statutory stages of consultation and an Examination in Public in the same way as Part 1. The timetable in the LDS sets out one round of consultation plus the Regulation 19 consultation followed by an Examination which would now mean submission to the Secretary of State in July 2015.
- 3.9 A further reason for bringing the LDS to Committee again is that the Gypsy and Traveller Site Allocations DPD was not listed in the previous version. This document is required following the introduction of the 'Planning policy for Traveller Sites' in March 2012 that requires a five year supply of sites to be introduced against targets set out in the gypsy and traveller accommodation assessment.
- 3.10 A policy is included in the Local Plan Part 1 that sets out criteria should a planning application be received for additional pitches or plots.
- 3.11 As previously mentioned the Local Plan Part 1 has established the need for a Design SPD, Cycling and Greenways SPD and a Car Parking Standards SPD to be written.
- 3.12 The timetable for the Greenways SPD as the County have now informed us that they are looking to employ consultants before the end of March 2015 to work on their Strategy which will include consultation within the District.
- 3.13 There is a statutory requirement to have an up to date LDS and due to the stage the Local Plan is at, it is essential that it is updated.

4.0 Financial Implications

- 4.1 None arising directly from this report.

5.0 Corporate Implications

- 5.1 The adoption of a South Derbyshire Local Plan is a key function of the District Council and an action within the Economic Growth priority in the Corporate Plan. The LDS is an essential part of the evidence for the Local Plan.

6.0 Community Implications

- 6.1 The LDS when published will allow members of the Community and others to be more aware of the timetable that is being followed for the Local Plan but also the other documents that are intended to support the Local Plan policies.

7.0 Background Papers

1 Purpose of this document

This revised Local Development Scheme (LDS) sets out how the Council will progress the Local Plan (previously known as the Local Development Framework over a 3 year period. The documents contained within the Local Plan will set out the policies and proposal for the use and development of land, which over time will replace saved policies within South Derbyshire's 1998 Local Plan and its supporting documents.

The Planning and Compulsory Purchase Act 2004 (as amended by the Planning Act 2008 and Localism Act 2011) states that the LDS must specify:

- the local development documents which are to be development plan documents
- the subject matter and geographical area to which each development plan document is to relate
- which development plan documents (if any) are to be prepared jointly with one or more other local planning authorities
- any matter or area in respect of which the authority have agreed (or propose to agree) to the constitution of joint committee under section 29
- the timetable for the preparation and revision of the development plan documents
- such other matters as are prescribed

2 Timescales

This is the sixth LDS to be published by South Derbyshire District Council. This LDS reflects an updated timetable to that published in August 2014.

The first LDS came into effect in April 2005, the second on 18th July 2005, the third in March 2007, the fourth in March 2014 and the fifth in August 2014. Following the Government's proposal to introduce the Localism Bill an indicative timetable was also produced that superseded the third Local Development Scheme.

Following the adoption of the LDS in March 2007, there were significant changes to the planning system at a national level. The changes included:

- Replacing National Planning Policy Guidance Notes and Planning Policy Statements with the National Planning Policy Framework (NPPF)
- The Introduction of the Localism Act 2011
- The revocation of the East Midlands Regional Spatial Strategy
- The publication of the National Planning Practice Guidance which supersedes many guidance notes and circulars that weren't replaced by the NPPF.

This revised LDS covers the period of November 2014 – November 2017 and takes a realistic view of the Local Plan documents to be prepared in the coming three-year period. The reason that an update is required so soon after the previous LDS was produced is due to further consideration that was required in regard to the Derby Housing Market Area housing number and to reflect the impact that has had on the timetable.

3 Local Plan

South Derbyshire and other local planning authorities are required to produce a Local Plan. South Derbyshire's existing Local Plan was adopted in 1998 and some policies were 'saved' under the Planning and Compulsory Purchase Act 2004 regulations, which extends the life of these plan policies until they are replaced by a new Local Plan. The saved adopted local plan policies can be viewed at: http://www.south-derbys.gov.uk/planning_and_building_control/planning_policy/adopted_local_plan_1998/default.asp

Supplementary Planning Guidance (SPG) associated with the saved policies in the 1998 adopted Local Plan will also remain a material consideration when determining planning applications, until such time as it is replaced by Supplementary Planning Documents. SPG which remains up to date can be found at: http://www.south-derbys.gov.uk/planning_and_building_control/planning_policy/supplementary_planning_guidance/default.asp

The National Planning Policy Framework paragraph 215 indicates that “due weight should be given to relevant policies in existing plans according to their degree of consistency with this framework (the closer the policies in the plan, to the policies in the Framework, the greater the weight may be given)”. The saved policies in the Local Plan therefore can be used for decision making when they are in line with the NPPF.

It is considered that the saved policies in the 1998 Local Plan are mainly consistent with the NPPF.

The Local Plan currently being prepared by South Derbyshire will contain a portfolio of planning documents which supports the preparation of the Local Plan. Alongside the LDS the portfolio of documents includes the following:

- Development Plan Documents (Local Plan)
- Supplementary Planning Documents
- Statement of Community Involvement
- Annual Monitoring Report

The Planning Practice Guidance was published on the 6th March 2014 and reiterates the need for a Local Development Scheme that is up to date and enables people to track the progress of documents.

Development Plan Documents (DPDs) set out the policies and proposals for a Local Authority Area and carries the most weight in the determination of planning applications. They are subject to independent examination by a Planning Inspector and subject to community involvement through consultation and a Sustainability Appraisal. South Derbyshire will provide the following DPDs:

- Local Plan Part 1 (formally known as the Core Strategy), which will set the long-term vision, objectives and strategy for the spatial development of South Derbyshire and provide a framework for promoting and controlling development. Strategic housing and employment sites will be allocated, along with Development Management policies to be used in determining planning applications.
- Local Plan Part 2, which will allocate non-strategic housing sites and review all settlement boundaries. It will also look at more detailed Development Management policies to support strategic policies in Part 1 in the areas of retail, conservation and heritage and the countryside.
- Proposals Map: A map that identifies those areas to which specific policies apply.
- Gypsy and Traveller Site Allocations DPD

South Derbyshire District Council had previously intended to produce an Area Action Plan (AAP) for the land between Woodville and Swadlincote Town Centre. The District is no longer intending to produce this AAP; however the principle of regeneration on this site including the Regeneration Route is being taken forward in the Local Plan Part 1 as a site specific policy.

Supplementary Planning Documents (SPD) will cover some Development Management policies in more detail. They will be used in the determination of planning applications, and will replace Supplementary Planning Guidance (SPG). SPD's are not subject to independent examination but will be considered through the Council's Committee process.

Statement of Community Involvement (SCI) sets out how the Council intends to engage and consult local communities and others in the preparation of the Local Plan and Development Management matters. South Derbyshire's SCI can be found at: http://www.south-derbys.gov.uk/planning_and_building_control/planning_policy/local_plan/statement_of_community_involvement/default.asp

Annual Monitoring Report (AMR) reviews the progress in the preparation of the Local Plan documents against the milestones set out in the Local Development Scheme and assesses the extent to which development plan policies are being achieved. South Derbyshire's most recent AMR can be found at: http://www.south-derbys.gov.uk/planning_and_building_control/planning_policy/local_plan/annual_monitoring_reports/default.asp

The relationship of each of the Local Plan documents can be found in Appendix 1.

4 Strategic Environmental Assessment (SEA) and Sustainability Appraisal (SA)

All DPD's are subject to a SA and a SEA. The SA is an iterative process that is integral to the document's preparation as a means of assessing their potential social, environmental and economic effects.

The Council will also conduct an Environmental Assessment in accordance with the requirements of the EU Directive 2001/42/EC. The Council appointed a Planning Policy Officer with particular responsibility for SA matters in December 2005, which has enabled in-house expertise to be developed together with the progress of a monitoring framework.

The SA was published for consultation during the Regulation 18 consultation on the Draft Local Plan Part 1, which took place from 27th September to 15th November 2013. Following a review of the comments received during this consultation, the SA was updated and published for a further consultation (alongside the Local Plan Part 1 Regulation 19 consultation) from 10th March -22nd April 2014.

The Part 2 of the Local Plan will be subject to the same requirements in terms of SEA and SA as Part 1. The SA will be published alongside the Regulation 18 (Draft Local Plan) consultation for Part 2 and then again following any necessary revisions for the Regulation 19 (Pre -submission) stage.

5 Links with other Strategies and Plans

The Local Plan will have regard to other Council Strategies such as those for Housing, Economic Development, Tourism, Heritage and Leisure. Work is ongoing with other parts of the Council to develop a joint approach to establishing and maintaining a robust and credible evidence base. This joint approach to data collection will be used to support the preparation and monitoring of the Local Plan. Additionally regard will be had to the Council's Corporate Plan 2009-2014 which the Local Plan will help deliver many of the aspirations within it and South Derbyshire's Sustainable Communities Strategy.

South Derbyshire is part of the Derby Housing Market Area (HMA) along with Amber Valley and Derby City with support from Derbyshire County Council. Given the functional relationship (housing markets and travel to work patterns) between the Derby HMA there has been joint working on the Authorities Local Plan's through the collation of a joint evidence base.

6 Adopted Local Plan Document

The following document has been adopted and is subject to ongoing monitoring. In the event of a formal review being necessary, this will be highlighted in the Annual Monitoring Report:

Document	Date of Adoption
1. Statement of Community Involvement	March 2006

7 Evidence

Government guidance emphasises the need for a robust evidence base in the preparation of Local Plans. South Derbyshire District Council will continue to undertake studies, research and public consultation in preparation of the Local Plan. Many of the studies have been undertaken on a HMA wide basis. Specific research and studies carried out to date include:

<u>Research/Study</u>	<u>Method</u>	<u>Completed</u>
Sustainability Appraisal	In house	Ongoing
Habitats Regulations Screening Assessment	In house	September 2013
Infrastructure Delivery Plan	In house	Ongoing
South Derbyshire's Five Year Housing Land Supply (2014-2019)	In house	August 2014

8 Consultations to date

Seven consultations have been undertaken in the preparation of the Local Plan Part 1. The consultations undertaken are:

- Issues and ideas, January 2009 - 3 April 2009
- Issues and Alternative Options, January 2010 - 31 May 2010
- Your Neighborhood Talk to Us, 8 February 2011 – 3 May 2011
- Options for Housing Growth, 12 July 2011 - 30 September 2011
- Preferred Growth Strategy, 4 October - 21 December 2012
- Draft Local Plan Part 1, 27 September – 15th November 2013 (the deadline for the consultation statement was extended until the 22nd November 2013)
- Pre-Submission Local Plan Part 1, 10th March -22nd April (Regulation 19 consultation)

Further information on these consultations can be found at: http://www.south-derbys.gov.uk/planning_and_building_control/planning_policy/local_plan/local_plan_part1/default.asp

The Local Plan Part 1 was submitted to the Secretary of State on the 8th August 2014 and hearings are to commence at the end of November 2014.

9 Resources

The preparation of the Local Plan is led by the Planning Policy Team and comprises the Planning Policy Manager, two Planning Policy Officers, one Planning Policy Officer (Sustainability), one Assistant Planning Policy Officer, 1.5 Planning Assistants, one Conservation and Heritage Officer and one Design Excellence Officer. The work of the team will also be complemented by officers from other services with specialist knowledge within South Derbyshire District Council, such as Development Management, Housing and Economic Development. External resources may also be called upon such as the County Council and consultants for certain projects. However, as far as possible surveys and studies will be undertaken in house.

The team has other responsibilities in addition to preparing the Local Plan including:

- Providing advice and evidence to Development Management
- Neighbourhood planning support
- Compiling and maintaining an evidence base for the Local Plan and wider uses
- Maintaining a Duty to Co-operate.

10 Monitoring

The Council is required to produce and make available to the public an Annual Monitoring Report (AMR). The AMR should review the progress in the preparation of the Local Plan against the milestones set out in the Local Development Scheme and assess the extent to which development plan policies are being implemented, through the use of a range of indicators.

The introduction of the Localism Act in November 2011 removed the statutory requirement for local planning authorities to submit an AMR to the Secretary of State. However authorities still have a duty to monitor and report its activities to the local community.

The Council have produced nine AMR's with the most recent covering the period 2013/14. The Council has detailed databases for monitoring residential and employment land availability. The Council also holds detailed information regarding retail and leisure which are updated and form a key aspect of the annual monitoring. The residential and employment database is maintained by Derbyshire County Council as all Derbyshire Local

Authorities use the same system in accordance with an agreed protocol. The AMR will monitor the progress in meeting the milestones in the LDS and inform a review of the document when necessary.

11 Risk Management

The Council does not have control over all aspects associated with the preparation of the Local Plan. Completion of the Plan relies upon input to the process from a wide variety of individuals and organisations ranging from members of the public to the Secretary of State. All those involved will have their own priorities and processes that need to be dealt with and may not reflect the timescales placed on the Council by legislation. The Council will endeavor to ensure that working relationships with external groups and organisations move forward and continue towards joined up working.

In preparing the LDS, the Council has identified some of the main areas of risk and their impacts, and potential ways to overcome these to ensure that the LDS timetable is delivered.

Area of risk	Impact	Mitigation
Inadequate staff resources	Unable to produce the Local Plan on time and to a decent standard due to lack of in house skills/resources for evidential work.	<ul style="list-style-type: none"> • Employ temporary staff/consultants subject to resource availability. • Use staff from other departments within the Council. • Joint working with the HMA Authorities (Derby City and Amber Valley Borough Council).
Change of political leadership of the Council	Could cause delay in the preparation of the Local Plan	<ul style="list-style-type: none"> • Maintain the involvement of all parties in the District Council through Committee and also the Local Plan Member Working Group.
Changes to national policy requirements	New/emerging policy could generate new issues, which need to be addressed within the Local Plan, which require additional work and could delay the preparation of the local plan.	<ul style="list-style-type: none"> • Keep up to date on emerging National policies. • Revise the LDS.
Capacity of the Planning Inspectorate (PINS)	PINS unable to meet the demand for Local Plan examinations, resulting in a delay in adopting South Derbyshire's Local Plan.	<ul style="list-style-type: none"> • Close liaison with the Planning Inspectorate to ensure early warnings of any delays. • Programme of Local Plan production including revisions will be provided to the PINS.
Public consultation	Public concern and stakeholder involvement on planning issues is increasing. This could add to the time required to process representations made, delaying the preparation of the Local Plan.	<ul style="list-style-type: none"> • Employ temporary staff subject to resource availability. • Resources from other departments within the Council could be drawn upon to process representations.

Joint Working	Working with the HMA Authorities (Derby City and Amber Valley) could be problematic with political differences and conflict of interests occurring.	<ul style="list-style-type: none"> • Early and meaningful engagement with Members of all three Authorities. • Concise working arrangements with neighbouring local authorities.
Delay approval or require changes to the Local Plan by Council Members	Reports could miss council committee deadlines, or create unforeseen work, resulting in a slippage of timetable.	<ul style="list-style-type: none"> • Involve members through the preparation of the Local Plan, to ensure that the Councils priorities are reflected.
Local Plan found unsound	<p>If the Plan is found unsound at examination it could result in the withdrawal of the Plan.</p> <p>Extra work would be required for resubmission leading to failure to meet planned timescales.</p>	<ul style="list-style-type: none"> • Take PINS advice. • Ensure a robust evidence base with well documented community and stakeholder engagement. • Keep up to date with experience from other Local Authorities Public Examinations.
Incorporating change after Examination	The Planning Inspectorate could request changes to the Local Plan, which require further work than anticipated, leading to slippage on the Local Plans publication time.	<ul style="list-style-type: none"> • Allow for some inconsistency in the programme. • Use project management methods.
Legal Challenge	A legal challenge could result in the Local Plan being quashed.	<ul style="list-style-type: none"> • Ensure that the Local Plan has been prepared in accordance with legal and procedural requirements. • Act on pre submission PINS advice.

5 Schedule and Timetable of proposed Development Plan Documents
