

In accordance with Council Procedure Rule No. 12, Councillor Ford will move the following motion:-

“I bring to Council’s attention the health and safety dangers to both people, property and livestock of the increasing use of Chinese Lanterns. The motion I am proposing, which I wish adopting by members is to ban the launch of these lanterns from SDDC owned land and to make a similar recommendation to all Parish Councils, at the same time, requesting the local Chamber of Trade to discourage its Members from offering them for public sale”.
